A US district court—which had already found Iran liable for 7 "bellwether" EFP attacks—has now found Iran liable for 73 more, stretching back to July 2005 (when EFPs were not well known) and including the last American killed before the Dec 2011 pullout

[illegible]

3. July 27, 2005—Sergeant Tony Wood

*14 In 2005, Sergeant ("Sgt.") Tony Wood was serving as a member of the United States Army in Baghdad, Iraq. *See* Pls.' Section 605A(c) Index, ex. 3 (Wood Purple Heart Award) at 1. During the morning of July 27, 2005, Sgt. Wood was riding in the front passenger seat of an up-armored M-114 HMMWV, traveling within a military police convoy. *See* Lutz Rep. at 8. Sgt. Wood's up-armored vehicle was struck on the left side by an explosive, which instantly killed the driver and the gunner in the vehicle. *See id.* Sgt. Wood, himself, was seriously injured by the resulting shrapnel, which punctured his body armor and damaged his internal organs. *See id.* Because of these injuries, Sgt. Wood required multiple surgeries to repair his liver, lung, intestines and stomach, and was in a coma for 45 days following the attack." *Id.* On August 5, 2005, Sgt. Hickman's MRAP, causing Spc. Hickman to sustain fatal wounds. *See id.* Spc. Hickman's casualty report confirms that he died of his wounds sustained during hostile action on November 4, 2011 in Baghdad, Iraq. *See* Pls.' Section 605A(c) Index, Ex. 3 (Hickman Casualty Rep.) at

The Court finds satisfactory evidence in the record to demonstrate that the explosive responsible for the November 4, 2011 attack causing the death of Spc. Hickman was an EFP traceable to Iran and its proxies. First, the SIGACT report from the attack "assessed the IED as an EFP" and confirmed the presence of "copper residue" on Spc. Before the pandemic hit, Republicans were running trillion dollar deficits at full employment and oil topped out at $61.00/barrel. So that was peak demand. Now ask yourself "What's better for our well being, a few bucks off that price or the health of the planet?"

If Biden & his team were objective & serious about progress, not attempting to prove their failed past policies, they'd take a hard look at what has worked in the region & maintain it.

Instead it looks like we are going back to the constrains of previous positions.

Characterizing defeating the caliphate, killing QS & peace deals as knee jerk is a narrative that won't hold up to objective scrutiny.

The collective amnesia of Republicans who supported GW Bush and originally called opponents of the war in Iraq "anti-Americans" is quite frankly astounding.

Trump's policies in the region were far from GW Bush or standard GOP. Biden marks a return to bipartisan policy fails, hopefully they take what was working in the region & run w/ it as opposed to trying to prove that their previous policies just weren't tried hard enough.

1. Who was behind last night's rocket attack on @CJTFOIR forces based near Baghdad airport? Quick answer is Asa'ib Ahl al-Haq. News of the attack was broken by Sabreen news, an AAH propaganda wing on the Telegram. Other AAH networks (e.g. al-Faqaar) reposted Sabreen's material.

Sounds to me like Biden hasn't made a decision. Or he just wants to show support for the Iraqis after the significant loss of life in Baghdad last week. Their ability to strike inside Baghdad also indicates IS has regain some of the capabilities it lost.

The Obama w/draw was due to a horrible deal cut by Bush. Obama screwed up by allowing Iran to strike us in Iraq & not responding & proceeding w/ JCPOA.

Trump getting us out of SY after the stated obj was accomplished was the right call, let RU try to hold that worthless ground.

My fear w/ Biden's natsec team is that they are deeply wed to ideas that have never worked, i.e. we must remain in Z/SY/AFG in the lead for no clear obj, bleeding, spending & vulnerable all our enemies, looking to justify their previous policies. That only benefits CH/RU/IR.

2

**Marc Polymeropoulos** @Mpolymer · 37 Min

IMO the operative word here is 'in the lead.' Unless I'm mistaken (and I could be), I don't believe the new team is pushing that. I believe there is a sweet spot for minimum/limited duration specops/interforce needed in all 3 AOs solely for the CT mission. An important debate

**Lino Miani...Unofficial** @MeanLin1 · 14 Min

The reference to the ephemeral "will to win" is a red herring. Again, was there for Mosul. There was tremendous will.

And to refer to will to win while ignoring the #TrumpRetreat which left all our allies surprised and abandoned is laughable. How did that hurt IR/RJ/SY?

Joe you're twisting EVERYTHING here. "Increasing troops bad" except when Trump did it in Syria

"Withdrawing bad" except when Trump did it in Syria

And while we could debate policies on their merits individually. Trump consistently did it without a plan for and spurious reasons

Your criticism of Trump's execution / planning (lack of) is fair. I think his ideas on the region were spot on & a needed disruption, unfortunately ideas are only as good as their implementation, in that critical area he fell short.

Got it. "will" is my feeling the time. By the time the battle of Mosul started OIR was over 2 yrs old, we could have done it faster w/ less constraints from the top

1

**Lino Miani...Unofficial** @Meanl_n1 · 15 Min

Perhaps but for the first time since 2003 the Iraqis actually led that. We finally did it right and that took time.

I had plenty of criticism of Obama's FP starting with the confusion about our aims for Syria. But Trump did little right except give DoD a longer "tactical leash"

As plank-holder ISOF advisor it was good to see CTS's role. Unfortunately chosing to rebuild the IZ army (again) & to put them in the lead resulted in us enabling Iranian militias for tactical expediency, this approach was due to Obama's overall strategy w/Iran.

Shutting down Keystone is also a national security issue. Being energy independent limits our needs from the Middle East to CT.

The leaders of that region know they have something we need, it gives them leverage.

This will be a key factor w/ Iraq & Iran & makes us less safe.

Obliterating the U.S. in order to establish Islamic rule worldwide in an Islamic caliphate vs freedom & the U.S. constitution? 9/11 vs Jan 6? Beheading, torturing, killing hundreds of thousands thousands of Muslims vs no threat anyone at DHS/FBI/Congress can articulate?

Is this an orchestrated assault from those who escaped accountability for their crimes, now using their power against anyone they want to destroy to spy on Americans (again) & frame innocent people (again) but this time make them terrorists instead of Russian spies/traitors?

Axios refused to break the story but did run Weaver's side.

This is how media works. Don't report the underlying charges until your guy has a response, then shape narrative for him.

Taxpayers in Florida shouldn't have to bail out Cuomo or Newsom because they've failed to keep NY or CA afloat with their bad lockdown policies.

@GovRonDeSantis has kept our best interests in mind. We've safely kept our economy and our schools open. They could've done the same.

The JCPOA was built on four (false) foundations:

1) The sanctions regime was crumbling.

2) Iran's program is peaceful in nature.

3) The JCPOA blocks all pathways to a bomb.

4) The alternative was war.

15:30 · 1 Feb 2021

**David Shor** @DYShor · 21 Sek
Since 2015 we've learnt how all those foundations were total bunk:

1) Under Trump the USA singlehandedly resurrected the sanctions regime

2) Israel's Mossad extracted Iran's atomic archive from Tehran, exposing the truth to the world.

1

**David Shor** @DYShor · 20 Sek
3) Iran's violations have shown how none of their pathways to the bomb were ever "blocked"

4) The maximum pressure campaign did not result in war. Even while some of Iran's most prominent generals were liquidated.

Alejandro Mayorkas is unfit to be Secretary of Homeland Security. He has refused to enforce immigration law and has a history of corruption and scandal.

No Senator should vote in favor of confirmation.

Alejandro Mayorkas helped President Obama create "DACA" and "DAPA" (which has since been struck down as unconstitutional) to ignore immigration law & bypass Congress. If confirmed, Mayorkas will again push for executive amnesty programs - at the expense of American wages and jobs.

As head of U.S. Citizenship and Immigration Services, Mayorkas helped procure green cards for special interests groups and rich Democratic donors, including Hillary Clinton's brother, Harry Reid's son, Terry McAuliffe, and a Huawei executive

Mayorkas also intimidated whistleblowers. An Obama-appointed DHS Inspector General investigation found the number of whistleblower complaints about Mayorkas "unusual" and that whistleblowers were "unusually" afraid of retaliation. oig.dhs.gov/assets/Mga/OIG

The effort to axe Marjorie Taylor Greene and retain Liz Cheney is the GOPe's effort to resume control of the GOP. Liz, herself, doesn't matter nor, really, does MTG. They are symbols. Liz of the GOPe, MTG of Trumpism. The Powers That Be want Trumpism gone.

**Mark Noonan** @Mark_E_Noonan · 6 Sek

If they can get rid of MTG and keep Cheney, then they will feel they are back in the saddle and in 2024 they will find the most jebl person they can to lose gracefully to Biden or Harris. That way, all of Trump's policies can be eliminated

This is theater. Our military is non partisan & is loyal to our nation. Our mil leaders worked their way up the ranks, they weren't appointed by Trump or any other POTUS.

There are in place mechanisms to root out bad actors, a stand down just hurts readiness.

I'm confused. What does a "60 day stand down mean or entail"? Back in the late 80s we had people who expressed racist and extremist views. Those people were addressed through the UCMJ. This is a company or smaller element issue.

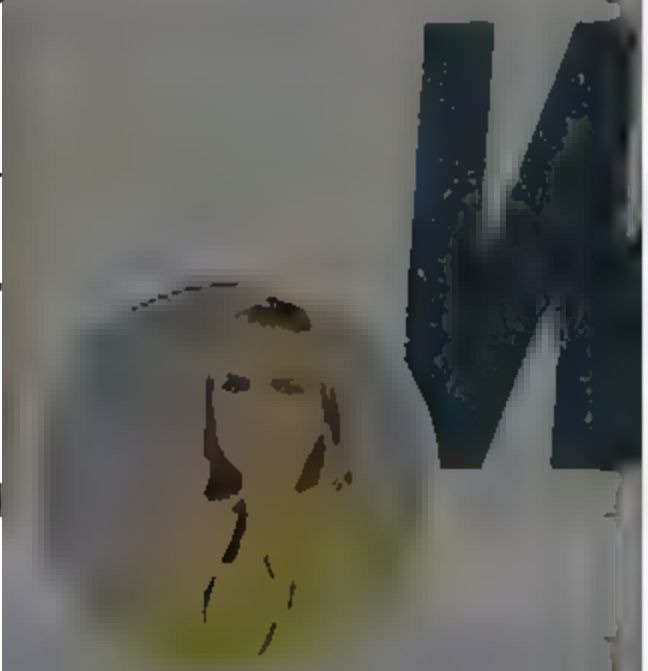
I'm guessing it's protesting PPB / Mayor Wheeler's handling of the ongoing riots. They accuse him of using tear gas etc.



It's really just antifa flexing & showing they don't need the cover of darkness. It's also a nice day in the PNW, that definitely factors.

We are in Iraq due to hubris of the establishment led by Biden.

Our forces only play into Iran's hand, we get nothing from this.

If Biden cared about our troops, they'd be out of Iraq & there'd be dead Quds Force officers / agents.

Instead he lets Kamal take his calls.

I never wanted to go into politics, I'd prefer to be serving our nation from the shadows w/ my late wife by my side

After witnessing the establishment deceitfully reject the needed changes Trump brought to the natsec community as he attempted to end wars I had to speak out.

After watching the media, big tech & the establishment cheer on riots & suppress the depth of Biden's corruption w/ our enemy the CCP, I knew the odds were stacked against us.

After JH Beutler chose the media's spot light over the will of the people I knew I had to act.

Adam Kinzinger demonstrates once again that he is clueless when it comes to your 2nd Amendment right to keep and bear Arms, it SHALL NOT be infringed! Adam wants a national registry (aka Universal background check), unconstitutional Red flag laws & limits magazine capacity.

**February 19, 2021**

Thank you for contacting me with your concerns about legislative proposals to regulate access to firearms. By hearing your thoughts and concerns on the issues, I am better able to represent you in the U.S. House of Representatives.

As a gun owner myself and your representative in Congress, I do not support legislation or regulations that would infringe on a law-abiding citizen's constitutional right to own a firearm. I strongly support an individual's rights to hunt, shoot for sport, and defend themselves or their property. I swore an oath to preserve, protect, and defend the Constitution of the United States, including the Second Amendment. I have not, and would not, vote to curb a law-abiding citizen's constitutional rights. With that said, we must address the gun violence epidemic in this country. In doing so, we will need to change some laws and change some hearts.

To address this issue on a national scale, I support the following:

- Providing robust resources and tools necessary for programs that combat mental health issues.
- States adopting "red flag" laws that would place protective orders on those with mental issues, ensuring they cannot be a harm to themselves or others.
- Universal background checks for all gun purchases.
- Raising the purchasing age for assault rifles from 18 to 21, which is the current federal law for purchasing handguns.
- Banning high capacity ammunition magazines.
- A continued ban on bump stock devices which allow guns to work like machineguns.

To be clear, what I am calling for is a common-sense approach to ending the gun violence epidemic.

The last 30 days of Biden's executive orders, the MSM lies, big tech's censorship & Wall Street's blatant corruption have lifted the veil.

The establishment's goal wasn't relief from the lock downs. It was to keep us under control.

Its time to fight back, while we still can.

Please make sure Joe, the America 1st is not America Alone as it seemed to go in the couple of years past. You're a good dude Joe, but be careful biting on that populist apple. My experience is, it tends to have a poisonous side. Don't buy everything the "grassroots" voters sell.

Thanks man I'm not advocating America alone.

We need to put our nation first, our movement centers on pushing back against the political class's endless wars, shipping jobs/manufacturing/economy overseas. Grassroots means representing our constituents not spc interests.

The entire Republican establishment just coronated a candidate today in my race out of thin air.

Now they'll claim that her campaign is "viral".

It's easy to go viral when people get a cut of campaign donations to retweet ads.

Just sharing how the game really works.

I will endlessly respect for your service and sacrifice, sir, but this woman was born in upstate New York and works on economic policy.

She has nothing to do with our decisions on war and someone's religion here is irrelevant.

You believe this based on evidence you have seen? Or bc Trump told everyone he was cheated? 62 court cases. 1 partial win. Most fraud found was in single digits and mainly GOP votes.

I want to support another SOF VET but I'll be damned if I'll support someone spreading the big lie. Trump is a liar. He is a fraud. He lied to everyone. He lost every court case even with "his" judges. It's bullshit and deep down I suspect you know this

I agree with you. However the left has changed the rules and are not playing the gentleman's game you describe. I am asking to go fight for my district against what the left is trying to force down our throats.

What exactly do you think "the left" is "trying to force down our throats?" I suspect things FoxNews has told you. It wd be good to see your list.

1

**Joe Kent for WA-3** @oekent16jan19 · 15 Min

The narrative that America has rotten roots - CRT/1619

Planned parenthood sex Ed / trans issues being taught in our schools

Violence from antifa/BLM being supported by the left for political gain

COVID being politicized to deprive us of earning $ /gathering & worship

2

**Eric Redman** @ncredman · 3 Min

Your pts 3 & 4 are simply false. 1 & 2 are grossly exaggerated. As I suspected you're getting your info from FoxNews or you think it's somehow to your political advantage to position yourself on the loony right fringe. Seriously, thx for your military service tho
& for answering.

Honestly, I just want good, conscientious people in Congress. Traditional conservative philosophy makes liberal policy better, and vice versa. Our nation is not well served by people in Congress whose only goal is to get to Congress or to punish someone else for a vote they took.

I fully support repealing the post 9/11 AUMF & making Congress vote on continued / new wars.

Note the timing - many of the bill's supporters worked against Trump as he tried to end our wars - now they are happy to repackage his initiatives as their own.

The left, especially Biden & Harris have done nothing but enable violence & lawlessness in our cities.

Under Trump the left held our cities hostage, claiming the violence would go away if we gave them power

Now that the left is in power, the violence continues, uninterrupted.

To be clear - I don't support Q, they are a goofy internet club that has not destroyed any cities.

It is very telling that the left & JHB/RINOs refuse to deal with Antifa / BLM violence but took the time to condemn a silly conspiracy club.

Antifa/BLM are the left's proxies.

That is troubling. That is the beginning of fascism

The gender/woke factor of Tuckergate is a distraction.

The race factor of the illegal immigration debate is a distraction.

The COVID factor of lock downs is a distraction.

It's all about having the ruling class exert control over every aspect of our lives.

Chose freedom.

The American people deserve to see a record of our votes on everything that passes.

As you can see they agree.

Nothing should pass by voice votes in secret, which happens all the time.

Tucker Carlson did not mock, degrade, criticize or otherwise denigrate women in the military.

He warned the brass — up to the CiC — to reexamine their priorities before China wins something bigger than war games.

The way they responded to that warning suggests it came too late.

It was irrelevant that Tucker Carlson was the military's target — it was only relevant that the military targeted *any civilian.*

Likewise, whose office the Guam National Guard marched on doesn't matter — the fact that a sitting Congressman thought it was a good idea does.

The working / middle/ upper middle class are a threat to the left, we don't need or want the government in our lives so the left exploits COVID to kill business/ church /schools.

Now that COVID is losing its power they'll use taxes to squeeze those seeking independence.

Jaime Herrera Beutler has forfeited any right to represent her constituents. The vast majority of those that voted for her in 2020 did not want a Dem-lite representative. Beutler betrayed her voters.

Power drunk governors will not let go of the power that COVID has given them with out a fight.

The Congress should withhold federal funds for states / cities violating its citizens rights & award federal support to cities & counties abiding by the constitution.

Trump was tougher on China than Biden ever was, or will be. Yet Trump managed to avoid pointless public confrontations -- which, in this case, ends very badly for @SecBlinken and @JakeSullivan46, who are clearly used to talking within the bubble of comfortable left-wing illusions

China is lovely but as a military power they are sneaking up on us. Their navy is ominous and our waterways have been compromised. We could be sitting ducks. Watch the four borders for false flags. Let's pull together for the fight

This is not a crisis - this is a deliberate plan by the left.

Phase 1 - flood the US with illegal immigrants to provide a pool of cheap labor for cooperate America.

Phase 2 - maximize COVID lock downs, kill small biz, drive income for corporations.

The crime & terror factor from letting the cartels control the flow of immigrants also helps keep working/middle class families locked down. Its our comminutes that will suffer thanks to this leftist plan & the left's war on our police.

And then the Democrats claim that anyone that opposes illegal immigration is a racist. Yet Trump nearly won Miami and flipped countries on the Texas/Mexico border that are more than 80% hispanic. Why? Legal immigrants have had enough. Most of them oppose the radical left.

How about instead of simply reusing the same budget every year and just increasing the money spent on everything we start at zero and see what we actually need?

That's how we'd do it in the private sector where we can't just be in perpetual debt.

They are right, guns don't protect you, people protect you. Just like guns don't kill, people kill. So taking away guns from good people just leaves them vulnerable to bad people.

The trans agenda serves two purposes-

1. Assault gender to erode the family unit to replace family w/ government.

2. Force policy that is so outlandish to demonstrate how much control the left has to demoralize sane Americans.

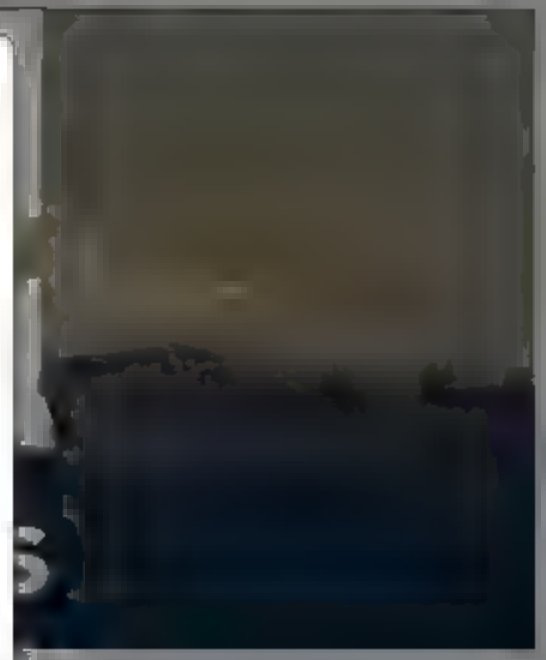
Over the last year leftist governors took away our freedoms & Biden says we need to continue the lock downs .



Yesterday the 9th Circuit Court of Appeals went after 2A in an effort to solidify the left's control over free Americans.

Agreed. This is some major BS! Not only does this clearly and blatantly restrict Illinois gun owners possessing certain ammunition but it indirectly causes the possibility of manufacturers and or distributors just not shipping or are supplying Illinois with ammo

Unions built the middle class? I don't think the newly unemployed Keystone XL workers feel that way.

Union bosses are supporting a job killing admin that's flooding the US w/ illegal immigrant labor & pushing tax hikes & lock downs.

The left is pro union boss, anti US worker.

Special ops leans heavily right, that's why Biden's team put such an outspoken monitor in SOCCOM & is not having him tidy up his social media, it's a not so subtle warning.

This weekend I had the opportunity of listening to a group of amazing Americans who escaped communist & repressive countries share their perspectives on our nation.

All cited the gov exploiting a crisis to seize control of power w/ the complicity of the media as a power grab.

This group consisted of a woman who survived Tiananmen Square, a man who escaped Vietnam by boat in 75' & a Pakistani Christian who fled religious persecution

All of them are now American citizens bravely warning us against all the small encroachments that end in tyranny.

This weekend I had the opportunity of listening to a group of amazing Americans who escaped communist & repressive countries share their perspectives on our nation

All cited the gov exploiting a crisis to seize control of power w/ the complicity of the media as a power grab.

This group consisted of a woman who survived Tiananmen Square, a man who escaped Vietnam by boat in 75' & a Pakistani Christian who fled religious persecution

All of them are now American citizens bravely warning us against all the small encroachments that end in tyranny.

The Republican Party and Fox News have so much to say about law and order and yet they have nothing to say with speaking out against the insurrectionists and white racists who stormed the Capitol or the officers who murdered George Floyd during his trial.

## Mike Egan Endorsed By Former Secretary of Defense Chris Miller

*Trump's SecDef Backs Green Beret Egan for TX-6*

**Arlington, TX—** Mike Egan, candidate for Congress in Texas sixth congressional district, today welcomed the endorsement of President Trump's former secretary of defense Chris Miller.

"I am thrilled to received Secretary Miller's Endorsement. Sec. Miller has held some of the toughest positions our country can ask a person to perform and in everything he endeavored to do he succeeded and kept our country safe." Said Egan. "The defense of our nation is critically important to me and the need for American military dominance remains constant. In Congress, I will fight to ensure that our men and women in uniform have the resources they need to defend our homeland from all threats. Our country is best served when our troops are preparing for the real threats against our nation including from China and in cyberspace."

"Mike Egan has my total support," said Chris Miller, former acting Secretary of Defense to President Trump. "His military career and civilian service to President Trump makes him a standout candidate for a Congress in need of strong leaders. He was tested in Army Special Forces and is ready to take the same commitment and passion to support the people of Texas. The threats to our nation are growing increasingly complex. We will benefit from Mike's wealth of knowledge and expertise.

The left is using the actions of a few to label 75+ million Americans as insurrections (the J6 MSM narrative crumbles daily) & take away their freedoms - a classic totalitarian play. I will represent everyone who supports liberty, not just those who bow to the state's narrative.

Tonight at 9pm ET/6pm PT on @OANN, I discuss the scandal of Tony Fauci:

Wrong in downplaying COVID19's risk. Wrong in opposing #Trump's vital travel ban on #China. Wrong on the border.

Biden s spend ng plans are a threat to our nationa security, our nation s debt will be used by Ch na as a weapon

We can no longer rest on our ability to sell our debt & feel confident n our status as the prime reserve holder

Congress must balance the budget.

Our spending & inflation will cause China and other nations to move away from the US dollar as the prime reserve holder, this will significantly weaken our economy & limit our ability to sell debt, giving China a major victory over the US w/out firing a shot.

Congress must balance our budget, keep taxes low to encourage growth & cut off COVID relief packages for governors who are throttling their economies, getting the economy online is #1

A strong, independent economy is the back bone of my platform & the American 1st movement.

A US President saying "no amendment is absolute" is extremely radical.

I understand that, but this statement while rolling out gun control that includes questionable re flag laws & a ATF dir who was part of the waco disaster is not a philosophical legal discussion, it is very radical.

It's interesting that Biden is tasking the DOJ with creating laws on gun control, when the DOJ doesn't create laws, Congress does. It's almost like he and his handlers have no idea how this countries' government works.

I've received disturbing info that the Army is mandating critical race theory seminars, which take aim at the key pillars of our military. We must get to the bottom of this.

I think all lawlessness needs to be punished, but the difference between what has been going on in answer to the year of Portland riots as opposed to the one day that happened in D.C. is what angers people. There is no excuse for this activity to continue to be allowed.

If this is the standard for military intervention, then it's time to start the draft. the world beyond our borders is a nasty place, lots of oppression out there.

Those advocating for remaining in Afg are counting on low info voters & politicians believing this nonsense

I'll definitely check it out. Reading "About Face" by Hackworth in Iraq in 05' got me thinking about the value of draftees. Now, after almost 20 yrs of war I think a draft maybe one of the only true checks on endless war.

Antifa/BLM's goal is complete totalitarian control. They want to overthrow the governments in Portland / Seattle as a start.

We need to empower local law enforcement w/ fed support in cities/states who refuse to enforce law & order.

People looting right now do not want police reform. They don't want "justice". I guarantee they don't care at all about the young man who was shot.

They want ZERO police so they can commit criminal acts without being stopped, just like they are right now. Period.

Everyone freaking out about withdrawing from AFG benefits from the status quo or has been part of the failed ideas that got us to this point.

We don't need to prop up a government or have troop deployments to conduct CT. Let AFG's neighbors deal with the TB, strike as needed.

Great thread on how maximum pressure worked against the Iranian regime.

The strength of our economy allows us to use sanctions as opposed to force to achieve effects.

A strong energy independent US economy should be our 1st national security objective.

Democrat, Bill Kristol pledged $50 million to defend RINOs -- like Rep. Liz Cheney. His money is on Billboards dubbed the Republican-Accountability-Project with a "dot gop" address. The Republican Party is silent.

Bill Kristol wanted us to invade Iraq, Iran, Libya, and Syria. Now he's a contributor to MSNBC. These neocons are discredited beyond belief. They must be purged from the GOP.

JH Beutler playbook - fundraise on border security, election integrity, supporting law enforcement & strong on national security

Then vote against the wall & for amnesty, refuse to question a corrupt election, remain silent as Antifa/BLM burn cities & vote to block ending wars.

Sure, as a veteran who received government healthcare (me too), why don't you think all Americans deserve that?

The government should get out of the health care business & open free market competition in the healthcare industry. By limiting how ppl care chose their health care we have created an environment where HC providers can charge way too much b/c they don't have to compete.

I support the creation of HC savings accounts that are tax free & high intrest that ppl can use to chose their own HC. This will allow for more competition in the HC market driving prices down.

For those who cannot afford any HC the gov steps & adds $ to their account.

Those who are chronically ill & cannot afford HC via a standard plan can use the medicade system. This is essentially how we handle food stamps, the gov doesn't run grocery stores but it provides food funding for those in desperate need.
